

VISITING CAMP

Visitors are always welcome at camp, but visitors must sign in at the Reservation Office. Visitors must have an appropriate (new) physical form. Our facilities for overnight guests are limited; advanced reservations are the only way to assure a space is available. Meal tickets are available for purchase at the Reservation Office prior to guests dining in the Dining Halls. Tents will only be allowed in areas designated by the Reservation Director (usually Family Camp or Wabaningo); RV and camper pop-up sites are available in Wabaningo. **In general, an overnight stay at camp is \$5 per person per night (regardless of location of stay).** An additional charge of \$20 per night will be assessed for camper/pop-up electrical hook-up. Visitors must read and abide by all the policies of camp (see the previous section).

FAMILY CAMP

Family Camp at MaKaJaWan Scout Reservation offers a unique concept in camping for the families of unit leaders. Within a short distance of Family Camp are many things to see and do. There are several points of interest in the local area and there are some activities in camp that are open to families.

Visitor Fees: All visitors staying overnight need to pay \$5 per person per night, plus purchase any desired meal tickets. There are a limited number of camper electrical hook-ups—these cost an additional \$20 per night.

Family Camp Cabin Reservation Policy: Cabins are available for rental only by families of leaders attending camp. The leader's name must be included on the roster of the unit attending camp. All cabins are rented by the week only, from Sunday 1 PM to Saturday 10:30 AM. All cabins cost \$250 per week—this includes all visitor fees (but not meals) for those staying in the cabin. If available, single nights will be \$45 per night. However, these will only be rented on the day in question, in person, at the MaKaJaWan Reservation Office. No advance or phone reservations will be accepted other than for an entire week.

Check In Procedure: When you arrive at MaKaJaWan, check in at the Reservation Office—a health form is required, regardless of length of stay. You will be directed to Family Camp where a staff member will meet you and direct you to your cabin. Check in is after 1:00 P.M. on Sunday only! If you find that you must cancel your reservation, notify the Council office as soon as possible.

Housing: Most of the cabins are two bedroom buildings, built around 1959, and are equipped with sleeping facilities to accommodate four to eight people. Mattresses are provided, but bedding is not included. Each cabin is equipped with a minimum of cooking and eating utensils. Heating is by gas space heater or wood stove. All cabins have a small refrigerator and kitchen sink. Toilet facilities are in each cabin with central shower houses for men and women. Be aware that "rustic" is the term most often used to describe these cabins.

Cabin #1	3 rooms, sleeps 6	Cabin #2	3 rooms, sleeps 7
Cabin #4	3 rooms, sleeps 6	Cabin #5	2 rooms, sleeps 6

Campers/Pop-Ups: There are four spaces available in Wabaningo for campers/pop-ups. Reservations for these sites must be made through the Council office (contact Debi Lesniak). **Please note there are no other sites in camp available for recreational vehicles.**

Tent Camping: All reservations for tent camping are handled through the reservation office during camp. Tent sites are free, but individuals must pay the \$5 per person per night visitor fee.

Pets: Pets are not allowed!

Leaders and Family Camp: The adult leader's primary responsibility at camp is to the unit he/she leads. While the leader will be able to schedule time to spend with his/her family, it is important that the family understand that the Scouts and the unit are the leader's main concern while attending camp.

Scout Camp Restrictions: With the exception of regularly scheduled visiting periods, residents of Family Camp are not permitted in the campsites or program areas. Families may attend special events such as the Order of the Arrow callouts, campfires, retreats, water carnivals, etc. Arrangements should be made with the appropriate camp director for visits to campsites or program areas.

Meals at Scout Camp: Family Camp residents may eat meals in the East or West Camp Dining Halls. Families must make reservations and prepay for meals at the reservation office.

Helpful Hints: For all its charm and comfort, Family Camp is not the Holiday Inn. Be prepared! Include warm clothing and rain gear. But do not forget your swimsuit, since the odds say "warm and sunny". If small children are part of your family, sand and water toys would be appropriate. Small appliances, such as electric coffee makers, hot plates, irons, radios, portable televisions etc. are not necessary, but convenient. Guests/overnight visitors are not permitted in Family Camp unless prior reservations have been made and space is available.

Check Out Procedure: A staff member will assist you in checking out. Any bills payable to MaKaJaWan Scout Reservation shall be paid at the reservation office prior to departure. Check out time is 10:30 A.M.

Program Activities: MaKaJaWan Scout Reservation offers Family Camp residents a varied program from session to session depending on the attendance and interests. Many activities such as nature hikes, Order of the Arrow callouts, camp retreats, campfires, cooking demonstrations and handicraft instruction can be arranged. Also available may be cookouts, horseback riding, raft trips, and other special trips arranged through the camp. However, it is best to plan your own week, as available camp activities will be dependent on family camp occupancy. Off-camp family activities may include antique shopping in Antigo, rafting or tubing on the Wolf River, or a visit to the Camp Five Logging Museum in Laona.

Family camp events and programs will not occur with or in conflict with event/programs offered for Scout participants.

Waterfront: Provided they meet all BSA requirements and follow all camp policies, Family camp residents may use the waterfront facilities located in West Camp. The dock in Family Camp is reserved for fishing activities and as such is unsafe for swimming use.

Swim Checks: Swim checks are required for all residents of Family camp who plan to use any aquatic facility.

Boating: Family camp residents may use boats in accordance with the camp and BSA policy—boats are available at the West Camp Aquatics area, primarily in the afternoon and evening. Rowboats are limited to 3 people. Electric or gas motors are not allowed.

All use of canoes, rowboats, motorboats, sailboats, kayaks, rafts and other watercraft by registered youth and adults shall be in conformance with National Scouting Safety Afloat rules, except that youth who are not registered Scouts (or Cub Scouts, Tigers, Varsity Scouts or Venturers) shall be required to follow the same restrictions as Scouts of the same age or grade. Cub Scouts are prohibited from canoeing and rafting on running water; no Cub Scout age Scout or non-Scout may use canoes or rafts associated with camp programs off the reservation. Unregistered adults must follow the same applicable Safety Afloat rules as registered adults.

Unregistered youth who cannot meet minimum age or grade requirements of youth membership in the B.S.A., regardless of their sex, must be in the company and under the direct supervision of their parent or guardian at all times when in or on canoes, rowboats, motorboats, sailboats, kayaks, rafts or other watercraft. Because supervision of Scouts is the primary responsibility of Scouters or other adults in the company of Scouts, underage youth may not accompany their parents or guardian if the parent or guardian is at the same time supervising Scouts.

******WISCONSIN LAW REQUIRES EVERYONE TO HAVE A PERSONAL FLOTATION DEVICE******

Medical Information for Family Camp: All visitors are required to have a complete medical form (parts A and C only if the stay is less than 72 hours) for each member of the family at camp. These forms will be turned over to Health Lodge upon arrival.

The Country Store: The Country Store is the Family Camp trading post. In stock are a variety of snacks and souvenirs, including t-shirts, sweatshirts, caps, etc. for all sizes. For your convenience Master Card and VISA are accepted. Many other items are available in the town of Pickerel.

*MaKaJaWan does not endorse or promote any local hotel accommodations, but these hotels have received good reviews from visitors to camp. Peterson's is the closest hotel to camp. Mole Lake is relatively close and comes recommended by many visitors.
